

Managed Servers Made Simple

The Challenge:

You know that your rapidly growing business would benefit from having a dedicated server. The only problem is that you lack the time, resources and expertise necessary to own a dedicated server.

The Solution:

Hostway offers a smart solution—Advantage Dedicated Servers. Advantage dedicated servers are fully managed, so your business can seamlessly transition from a shared hosting environment to a dedicated server environment without the added demands of management, configuration or operation. Advantage servers give you the best of both worlds: hassle-free Web hosting that doesn't require internal IT knowledge with the power and space of a dedicated unit. Advantage dedicated servers are the only truly hands-off managed dedicated server solution available today.

Benefits:

- > 100 % Managed
- > 100 % Affordable
